

QUALITY, HEALTH & SAFETY AND ENVIRONMENTAL MANAGEMENT SUPPORT

ISO MANAGEMENT SYSTEM DEVELOPMENT & SUPPORT

Nick Posener spent several years during the 1990's working with BSI as a Senior Client Manager during which time he was responsible for carrying out 3rd party assessments of ISO 9001 (Quality Management), ISO 14001 (Environmental Management) and OHSAS 18001 (Health & Safety) management systems.

During this time, Nick also carried out Kite Mark surveillance audits of various safety plant and equipment and periodically carried out surveillance audits for other certification bodies including VCA (vehicle Certification Agency) BBA (British board of Agreement) and NSI (National Security Inspectorate).

During this time Nick also used his experience as an assessor and previous experience gained working in various industry sectors in a QHS&E managerial role to work as a QHS&E management consultant.

As such, Nick has the ideal background, competence and industry knowledge to assist your company in gaining ISO registration and maintain ISO management systems within firms that have already gained ISO registration.

HEALTH, SAFETY & ENVIRONMENTAL MANAGEMENT SYSTEM DEVELOPMENT & SUPPORT

During a career spanning over 30+ years, Nick has gained a particularly comprehensive knowledge and understanding of health, safety and environmental management requirements and techniques, and has a particularly extensive knowledge of current health, safety and environmental legislation.

During this time, Nick having gained a significant number of nationally recognised health, safety and environmental qualifications, professional memberships and industry accreditations that include his registration as a UKATA accredited asbestos awareness trainer.

Further to the above, Nick also has a very comprehensive knowledge and understanding of environmental sustainability scheme requirements such as the BREEAM, LEED and SKA sustainability management schemes.

ALL ABOUT POSENER HS&E GROUP

OVERVIEW

ISO Management Systems

Do you need a consultant to assist you with ISO management?

Nick Posener is fully experienced in and is fully conversant with developing and maintaining the following BS EN ISO management systems:

- ✓ BS EN ISO 9001 quality management
- ✓ BS EN ISO 14001 environmental management
- ✓ BS EN OHSAS 18001 health and safety management

Nick also has comprehensive knowledge and experience of other certification schemes that are associated with the above, e.g. Kite Mark and BBA product certification schemes

Health & Safety support

Nick Posener has numerous nationally recognised health and safety qualifications and has a very comprehensive knowledge of UK legislation and how this must be applied in the workplace.

Nick is MIIAI qualified to carry out independent accident investigations of industrial accidents.

Environmental Sustainability

Nick has extensive experience in developing various environmental sustainability schemes such as:

- ✓ BREEAM New Construction 2011 and BREEAM Domestic (used to be known as BREEAM Eco Homes)
- ✓ Similar sustainability schemes such as LEED Environmental Sustainability scheme (US version of BREEAM) and SKA Environmental Sustainability scheme (specifically aimed at office fit outs only)
- ✓ FSC/PEFC chain of custody schemes (proof that wood/wood based products have come from sustainably sourced/managed forests: (FSC for wood/wood-based products and PEFC for plywood products)

If you need any of the above professional services at a very competitive price then please contact us – we are the Posener Health, Safety & Environmental Consultancy Group.

WHAT CAN WE OFFER YOU?

If your organisation needs a business management system tailor made to suit your business that fits seamlessly with your every day activities; then contact us.

Our aim will be to build a management system around you and your business and not what we or anyone else thinks that it should look like or should operate like.

We do not measure our success by the quantity of documentation produced, but the quality of the service that we will provide you.

Our aim is to build a simple and yet effective management system that will satisfactorily fulfil all of your business needs and aspirations.

If your organisation (however big or small) is looking for an organisation to assist you in developing and/or maintaining your business management system contact Posener HS&E Consultancy Group for a free quotation.

Whatever you do, we can help as we have comprehensive knowledge and experience in a wide range of industries including:

- ✓ Lift Installation companies
- ✓ Construction companies
- ✓ Manufacturing organisations
- ✓ Defence industry organisations
- ✓ Working with 3rd party certification bodies
- ✓ Assistance in developing and securing CHAS (Construction Health & Safety Scheme) accreditation where CHAS is typically required by smaller or newly set up companies to enable them to secure work with larger organisations

Where your requirements may be unrelated to quality assurance, environmental sustainability or health & safety, please still contact Posener HS&E Group, as we have the experience and the business contacts to help you.

KNOWLEDGE AND EXPERIENCE

Please look over the following examples that we feel will give you a very good representation of our wide range of knowledge and expertise in our field.
